Administrivia

- Down to a very small class: 5 registered
  - Any ideas why? Project too intimidating?
- That is good on the other hand; can have seminar flavor/more discussions
- Last time: Wireless propagation, and samples of emerging wireless multi-hop networks
- Today: Discussion of two papers on reading list; start MAC

New Reading Set

- Fundamental Operation
- Sampling of MAC protocols
  - 802.11 reading
  - IEEE 802.15 reading (bluetooth, Zigbee, UWB)
  - Sensor network MAC protocol (BMAC)
